May 19, 2015

Dear Lisa,

This is to confirm that you have completed the recommended services you requested at Community Counseling Centers of Chicago (C4). You began services with an intake appointment on September 10, 2014. I understand you sought services earlier that summer, but had difficulty finding a program that accepted Medicaid. You also had to wait until the September start for our program. Your last day of services at C4 was December 17, 2014.

Your intake assessment determined that you were experiencing an Adjustment Disorder with Mixed Anxiety and Depressed Mood, "the development of emotional or behavioral symptoms in response to an identifiable stressor" (DSM IV TR). Your symptoms correlated with experiencing prolonged litigation and the resulting financial stressors, as well as separation from your child. You did not appear to be suffering from a serious mental illness.

Sincerely,

Yvette Arnoux, LCPC
Staff Therapist
